

HALDANE

THE SPINNING WHEELMAKERS

THE ORKNEY

This Castle wheel, incorporates all the attractive features of the Lewis in a more compact style.

Attractively hand turned, the wheel has very fine tension adjustment on both maidens, and it is designed to operate on the 'heel and toe' pedal principle.

The drive systems and finish are the same as for the Lewis wheel.

Wheel	17 $\frac{1}{2}$ "	44.5cm.
Orifice	$\frac{3}{8}$ "	1.0cm.
Bobbin capacity	3 $\frac{1}{2}$ ozs.	100gms.
